

Practical compartments

AUER Packaging's ESD transverse divider is the perfect solution if you want to subdivide your ESD Euro containers crosswise: a narrow insert on each of its long sides holds the dividers securely in place. Please note that the transverse dividers can only be configured in the online shop.

- Very stable due to narrow inserts
- Electrically conductive material
- Custom-made
- Matched to EURO dimensions

DETAILS

| | | | |
|---------------|-----------------------------------|-----------------------------------|---|
| Design | Set for base dimension 40 x 30 cm | Special volume resistance* | 10 ⁴ < 10 ¹⁰ Ohm/cm |
|---------------|-----------------------------------|-----------------------------------|---|

* Please note: We would like to point out that the flow direction of the material depends on the processing method, so that the finished part may have different electrical properties.
