

Individually subdivided

AUER Packaging's special ESD compartments enable you to subdivide your ESD Euro containers in any way you want. The practical dividers can be custom-made for you upon request. Please note that the special compartments can only be configured in the online shop.

- Electrically conductive material
- Custom-made
- Precisely pre-cut connector system
- Matched to EURO dimensions

DETAILS

Design	Set for base dimension 40 x 30 cm	Special volume resistance*	$10^4 < 10^{10}$ Ohm/cm
---------------	-----------------------------------	-----------------------------------	-------------------------

* Please note: We would like to point out that the flow direction of the material depends on the processing method, so that the finished part may have different electrical properties.
